► Features

Hot Swappable Cherry MX Red Switch

As the industry gold standard, Cherry Switches provide unmatched precision and reliability, ensuring each keypress is accurately registered. The rapid response time of the Cherry MX Red minimizes delay between pressing a key and the corresponding in-game reaction. They're ideal for quiet environments because of their quiet operation. Plus, with the hot-swappable design, you have the added advantage of customizing your switch experience with ease.

AOC G-MENU

Our exclusive desktop app enables users to have total control over the devices. AOC G-MENU software allow users to manage profiles, set custom keys, adjust sensitivity, record macros, and change lighting effects. Explore and try applying the profiles shared by the community from the "Discover" section of the G-Menu.

N-Key Rollover

N-key rollover ensures that all inputs are registered correctly, guaranteeing that no matter how many keys are pressed, every input gets registered and implemented in-game.

Detachable Type-C Cable

Detachable Type-C cable ensures portability without compromising stability for on-the-go gamers. The USB-C interface promises speedy data transfer, and its detachable nature not only ensures easy storage and transport but also extends the keyboard's longevity.

PBT Double-Shot Keycaps

The PBT double-shot keycaps boast greater resistance to wear, fading, and shine. They excel the ABS counterparts in terms of lightness, durability, and high-temperature resistance. Moreover, their oil-proof nature guarantees an optimal typing and gaming experience.

Light FX Sync RGB

Featuring AOC Light FX technology for maximum immersion, G-Menu allows the user to preview the RGB effects first before deploying it onto the monitor, keyboard or other devices. Illuminating the gaming setup in various colours. User can also switch the lighting effects through the FN key combination.

Three Adjustable Keyboard Angles

The two-stepped keyboard foot design allows three different tilt angles, delivering a high-level of comfort, no matter how long a gaming session lasts.

► Specifications

Model Name	AGK600BR
Connectivity Technology	USB-C to USB Wired (Detachable)
Keyboard Switch	Cherry MX Red switch, 50 million clicks
Illumination	RGB
Light FX	Static / Breathing / React / Ripple / Radar / Fireworks / Blink / Wave / Custom Set Up / Concentric Circles / W Wave
Light FX Sync	Yes
Dedicated Macro Keys	No
Programmable keys	All Keys Programmable
Expansion port	No
Media control	FN Combine Keys
Keyboard Rollover	N-Key Rollover & 100% Anti-Ghosting
On-Board Memory Profile	1 Profile
Software Requirement	AOC G-Menu
Wrist Rest	No
Cable	1.8M Braided Cable
Product Dimensions	294(L) x 104(W) x 40(H)mm
Gift Box Dimensions	343(L) x 150(W) x 48(H)mm
Net weight	680g
Gross weight	988.5g
Color	Black
