► Features

Engineered for better visual experiences

VA WIDE VIEW

VA displays deliver 178/178-degree viewing angles while maintaining consistent image quality and colors from all viewing positions. You can also view your spreadsheets or weekend movies from virtually any angle without compromising color uniformity.

Superior high quality viewing

QHD

Quad HD (2560 x 1440) resolution allows you to view more an incredible amount of detail, resulting in visuals that are crisp and vivid. Whether editing photos, or watching movies, Quad HD gives you clarity and quality.

The e-sports professional standard for gaming

75Hz 4ms

With a 75Hz refresh rate and 4ms response time, your display will be equipped to perform at the pro gaming standard. Enjoy an ultra-smooth experience with no visible screen blur to ensure you're always prepped to win.

A universally respected anti-tearing solution

ADAPTIVE SYNC

Screen tearing doesn't only harm gaming performance, it also destroys immersion. Adaptive Sync technology eradicates this disastrous problem by ensuring your monitor's refresh rate is always synced with your processor's.

An all-round multimedia solution

SPEAKERS

With built-in speakers you can enjoy quality audio for music, games, and more without the hassle of connecting external speakers.

Adaptable and convenient setup

VESA MOUNT

Whether you prefer a wall mount or multi-monitor desk setup, VESA Mount offers he ultimate in flexibility. And when combined with 3rd party accessories, VESA Mount lets you put your monitor whenever you want it.

Powerful Connectivity

USB C

One cable is all you need. USB Type-C™ technology carries both the power and the display signal and data to the screen in one simple cable. It provides an ultra-clean, sleek look and convenience of a one-cable connection.

Connectable with other devices

HDMI

This AOC monitor provides convenient connectivity options, with both HDMI and DisplayPort support to suit both professionals and home users. HDMI represents the leading digital video, audio, and data interface for high speed connections between ultra high-definition displays and a wide range of consumer electronics, including providing support for modern gaming consoles and PCs. DisplayPort allows for a range of devices to quickly and easily connect to your screen, delivering higher resolution, faster refresh rate and video transmissions free from input lag.
